SF-F40 FRONT TIMBER

New system for furniture and cabinets

Saheco incorporates the new system SF-F40 FRONT TIMBER in its range of wood

- System for sliding sheets up to 40 kg.
- Upper and lower aluminum profiles.
- Pulleys mounted on ball bearings and silent to absorb any irregularities of the profile.
- The leaves can move, crossing each other.
- Lower mechanisms for easy installation.

New - 005B
