

New video **SV-X70 / X110 FT** (False Ceiling)

Discover the new video of the **SV-X70 / X110 FT**:

- They are systems for glass sliding doors without a frame that offer an attractive minimalist design concealing all the mechanism thanks to the False Ceiling solution.
- SV-X110 introduces the innovative **SOFTPRO**® system, a unique in the market solution for a sliding door soft close that guarantees a gentle, safe, and silent closing.
- They can handle a weight of up to 70kg and 110kg per sheet.
- Available in two high quality finishes: Satin anodized aluminum, and Stainless steel brushed finish aluminum.

New - 025B
